

TERM 2 2021

ART

Term 2 already! The students produced so much beautiful artwork in Term 1 and we have so much planned for this Term too.

We started the Term by making colourful tie-dyed coffee filter Art. The students loved watching the colours bleed and blend together when they added water. Meanwhile, the Year 5/6's completed 'Imagined Birds' constructed using an armature base of foil and skewers, which they covered in Magiclay and embellishments. The finished products were amazing and will be on display at our upcoming Art Show.

In the next few weeks the students will be busy creating gifts for Mother's Day, completing Sand Art pictures, weaving, camouflage art, beaded models and more!

And finally, an interesting Art quote to ponder:

You cannot use up creativity – The more you use, the more you have.

P.E.

In the last 4 weeks of Term 1, the students were lucky enough to have Claire Barnes come to school to teach us Hockey thanks to a grant from Sporting Schools. Claire is a very experienced player and coach and it was amazing to see the student's skills progress so quickly. If any students are interested, several local clubs are running 'Hook Into Hockey' clinics and the first session is free.

This Term, Sporting Schools has again provided us with funding, this time for a gymnastics program, with details to be confirmed.

In the last week of Term1, we held our school Cross Country. It was great in the lead up to see so many students opt-in to run club training at lunchtimes. Well done to all students for participating and congratulations to our place getters in each age group. On Wednesday 28th April all students who qualified will be attending the District Cross-Country. Good Luck!

Other events happening this term are a Soccer Clinic on Friday 23rd April, the Winter Sports on Friday 7th May and Lightning Premiership on Friday 21st May.
